**Task 1-Time capsule**  
Today me and my family made a capsule and we buried it in our back garden. We thoroughly enjoyed this task and I believe that it would be fun for someone to find the time capsule in a couple of years.

Inside it contained:

- Pictures of me and my family.
- Friendship bracelets.
- A recent magazine.
- My families family tree.
- A few CDs of mine and my family's favourite films.
- A menu from my favourite restaurant.
- A message to whoever finds it about who we are etc.

- How many parts of this could the second human find?
